Seattle
Design
Festival

Who WE ARE

Seattle Design Festival is a platform for bold design conversations.

We believe that design is for everyone and that inclusive co-design practices are essential to shaping an equitable Seattle. We collaborate with diverse communities, architects, designers, civic and business leaders, nonprofits, artists and activists to generate solutions to complex social, cultural and ecological challenges that affect all of us.

Mission

We unleash the design thinker in everyone to illuminate Seattle's challenges and ignite action.

Vision

We envision a culture of design that fosters equitable, resilient, thriving communities.

WHAT IF?

SDF 2024: WHAT IF?

The 2024 Seattle Design Festival asked: WHAT IF?

What does the future of Seattle look like? How can design help our communities thrive? What if we see the city from different perspectives? How do the questions we ask shape the answers we get? What questions burn inside you?

Our community gathered at the Block Party, at our Design Mixers throughout the city — and the year — and online at our Virtual Mainstage. Together, we celebrated our vibrant design community, encouraging collaboration and connection.

SDF 2024: WHAT IF?

ADVANCED OUR MISSION

to unleash the design thinkers
in everyone to ignite action

Celebrating Interdisciplinary design

We created professional and personal connection within our community. The SDF Mixers throughout the year provided space for designers to connect.

Sustainability Commitment

100% of our built installation teams committed to the reuse or repurposing of the materials used in their designs ensuring that the Festival can inspire important design conversations beyond SDF 2024.

Supporting the next generation of designers

SDF 2024 welcomed more first-time partners than ever, bringing fresh voices into the design conversation. Collaborations with ACE Mentor and Urban Artworks amplified youth creativity, while our partnership with the UW Fab Lab gives SDF WHAT IF? materials a second life, aiding university student projects.

We are excited to see how these connections **inspire new collaborations, push creative thinking, and advance the work of the Seattle design community.**

People POWER

Photo: LeTao Tao

The Festival is community-generated and community-funded. Together we not only empower everyone to engage in design discussions - we inspire action that moves these discussions towards meaningful change.

The logo for the Seattle Design Festival, featuring the text "Seattle Design Festival" in a bold, white, sans-serif font. The text is enclosed within a white rectangular frame that has a slightly irregular, hand-drawn appearance. The background of the logo is a photograph of a young boy sitting on a wooden structure at the festival.
